WE ARE THE FUTURE

Help You Choose From The Best To Create Beautiful & Aesthetic Interiors

The constant advancement of technology and the rapid pace at which the world is developing in general, tends to take a toll on the very reason of our existence – Mother Nature.

At Bandhan, we believe that the R in Freedom stands for 'Responsibility'. We take responsibility for the planet and are in a pursuit to make it a better place for everyone. Conservation of water, the life-nurturing natural resource, is a high priority goal for us. The efforts we make to help preserve this planet for generations to come are Green Innovation technologies. It's our sustainable approach towards various manufacturing processes and to deliver efficient Sanitaryware & Faucet consumer products.

Green Innovation technologies deliver the goals of creating sustainable societies and economies to preserve the planet's health for future generations. They are key mechanisms required to respond to climate change and support the need of the hour for us to live well within the limits of the planet.

Green Innovation is essentially a culmination of technologies that we incorporate into our products, which can help in the preservation of the environment for the years to come. Being a brand that excels at creating unique and iconic faucet and sanitaryware products in India.

HANDSHOWERS

Advanced Rubit Technology

An optimal solution that keeps showers, clean and increases their longevity.
The spray jets on the showers are made from elastic silicon, they ensure that no lime scale .deposits stick to the shower face

Diverse Flow Options

Diversity is the rule which means you get various combo options - from normal spray that gives a full-bodied effect for a refreshing bath, massage spray that stimulates the skin vigorously, to cascade spray that envelops your body in a soft caress

Click Position System

All Bandhan multi-function showers feature the convenient click mechanism.
You can feel and hear the click while changing the function of the shower sprays

Thermo Insulation

Bandhan Insulated shower systems prevent scalding and doesn't heat up the shower body

Mirror Finish

Diamond insert cutters are used during the machining process so as to provide a mirror effect finish on all our products

FLOOR DRAINS

"Retain your stylish ambitions with the Bandhan Linear Shower Drain."

Threaded Adapter :

Used to install the drain into the flange, helps adjust the height and threads into most 2" ABS, PVC, and Cast Iron Flanges.

Leveling Foot :

Keep the drain channel in the correct position and level during installation.

Lifting Hook :

Assists with grate removal.

Hair Strainer :

Fits inside the drain to collect hair and other debris, preventing pipe clogs, and also keeps insects and small rodents from coming up through the sewerage system.

EXPLORE RANGE OF
BATH SETS

Although they contribute to only a fraction of a bathroom, no bathroom is complete without accessories. Unlike many ranges in the market, Bandhan's assortment of accessories are manufactured from grade 304 stainless steel & Brass making them particularly robust and high quality that will last for years to come. Each range is created with different styles in mind, allowing you to easily integrate these accessories with almost any kind of design concept.

In different stylish designs with a high polished finish, this stainless steel accessory range is ideal for hotels, offices, retail or any semi-public washroom.
